

3-12-2020

Good Afternoon,

Yesterday, and again this morning, all county school superintendents met to continue planning discussions regarding the coronavirus. Attached you will find a letter on the Schuylkill County Response to the Coronavirus. We continue to monitor the situation locally, statewide and nationally. We will be participating in a webinar with the PA Dept. of Education tomorrow morning to receive the latest updates regarding education.

We will continue posting information on our web site and the district Facebook page as needed as this situation remains very fluid.

Thank you for your cooperation.

Dr. Zwiebel
